

# 1 Join rNetwork

There are two ways you can join our Network:

## SIGN UP AS AN rNetwork FANN

- Enjoy many of our products and services available
- 100% FREE

## OR ENROLL AS AN rNetwork CHARTER MEMBER

- Enjoy all of our products, services, and member benefits
- Build a team of other Charter Members and FANNs, and earn commissions on all qualified product sales from your team
- Membership is just \$50.00 per month

Both options allow you to participate in our products and services, however, **only a Charter Member** can earn commissions on their personal network.

Choose which option is best for you!

# 2 Build A Team Using Our Power3 Compensation Plan

As a Charter Member you can now build a team of Charter Members and FANNs. The Power3 Compensation Plan includes 3 parts:

- A Customer Structure (**FANN CLUB**)
- The Personal Enrollment Network (**PEN**)
- A Synergistic Team Building Structure (**TBS**)

## FANN CLUB

As your team grows you can build a customer base called FANNs. When you enroll FANNs they are assigned to your TBS position. There is no limit to the number of FANNs you can enroll.

**NOTE 1** - Only active Charter Members can enroll FANNs. FANNs cannot enrol FANNs.

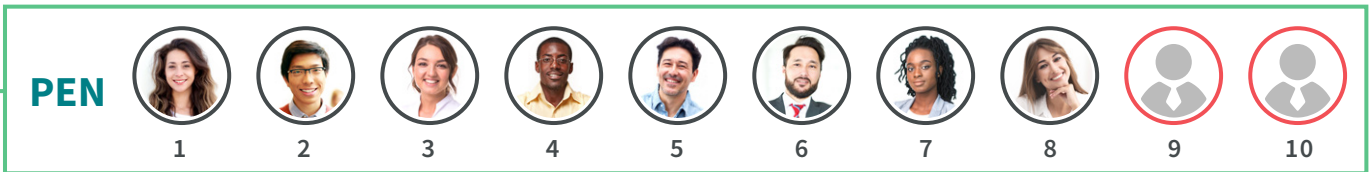

## PERSONALLY ENROLLED NETWORK (PEN)

The PEN is simply a structure where the individuals you personally enroll as Charter Members are placed.

ENROLLER

The PEN helps determine the tier qualification of the Charter Members in the TBS. There are also no limits to the number of Charter Members you can enroll.

## TEAM BUILDING STRUCTURE (TBS)

The TBS is 3 by 10 structure. [3 teams (or legs), and 10 tiers]

### Power3 BONUS

Personally enroll your first three Charter Members any time after enrollment and receive:

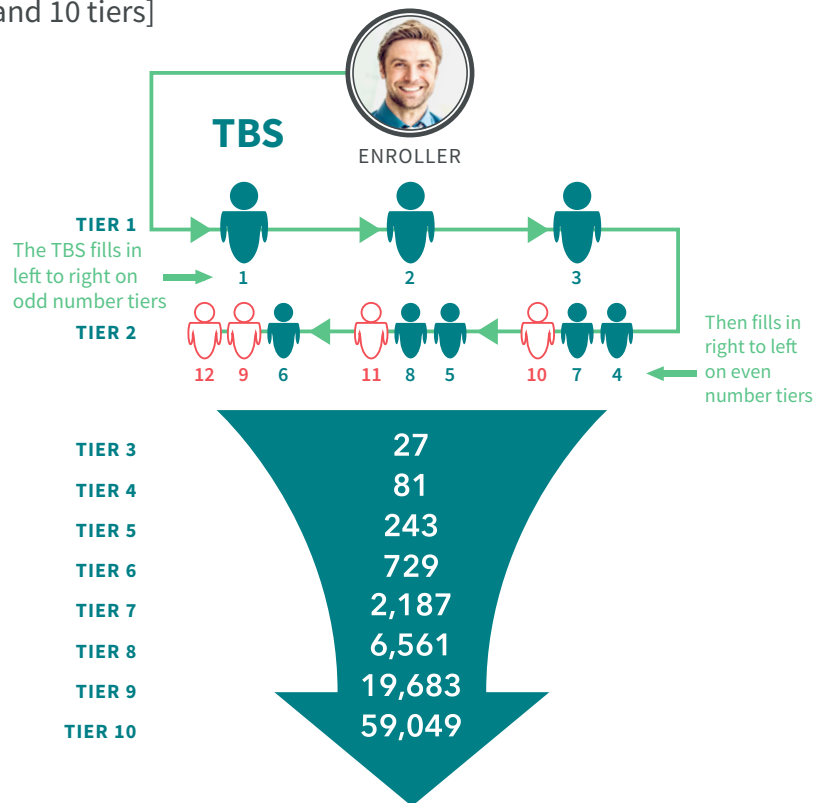

- Power3 \$50 monthly bonus
- Unlock all 10 Tiers of the compensation plan, as long as you remain Power3 status or higher with no interruptions.

### PowerUP BONUS

Personally enroll your first three Charter Members within first 7 days of your enrollment and receive:

- PowerUp \$75 one time bonus

**Earning PowerUP Bonus puts you in profit within your first 7 days**

**NOTE 2** - The placement of Charter Members in the TBS is performed automatically by the rNetwork system. Manual placement of Charter Members in the TBS is **not permitted**.

# 3 Earn Commissions

rNetwork is unique from any other program that you have ever seen before. Unlike traditional Multi Level Marketing opportunities, with rNetwork you never have to sell anything.

**Simply share the opportunity to save using our products and services and when someone purchases you get paid.**

Commissions vary with each product and serve. The commissions are divided by 10 and paid up through 10 active, tier qualified Charter Members in the TBS.

### EXAMPLE

If a commission is \$1.00, divide that commission amount by 10 and that is the amount paid up 10 tiers.

COMMISSION AMOUNT		No. Of Charter Members		Pay Out Amount
<b>\$1.00</b>	<b>÷</b>	<b>10</b>	<b>=</b>	<b>10¢</b>

**rNetwork pays the first 10 ACTIVE/TIER QUALIFIED CHARTER MEMBERS 10¢ in this example.**

To be eligible to earn commissions you must be:

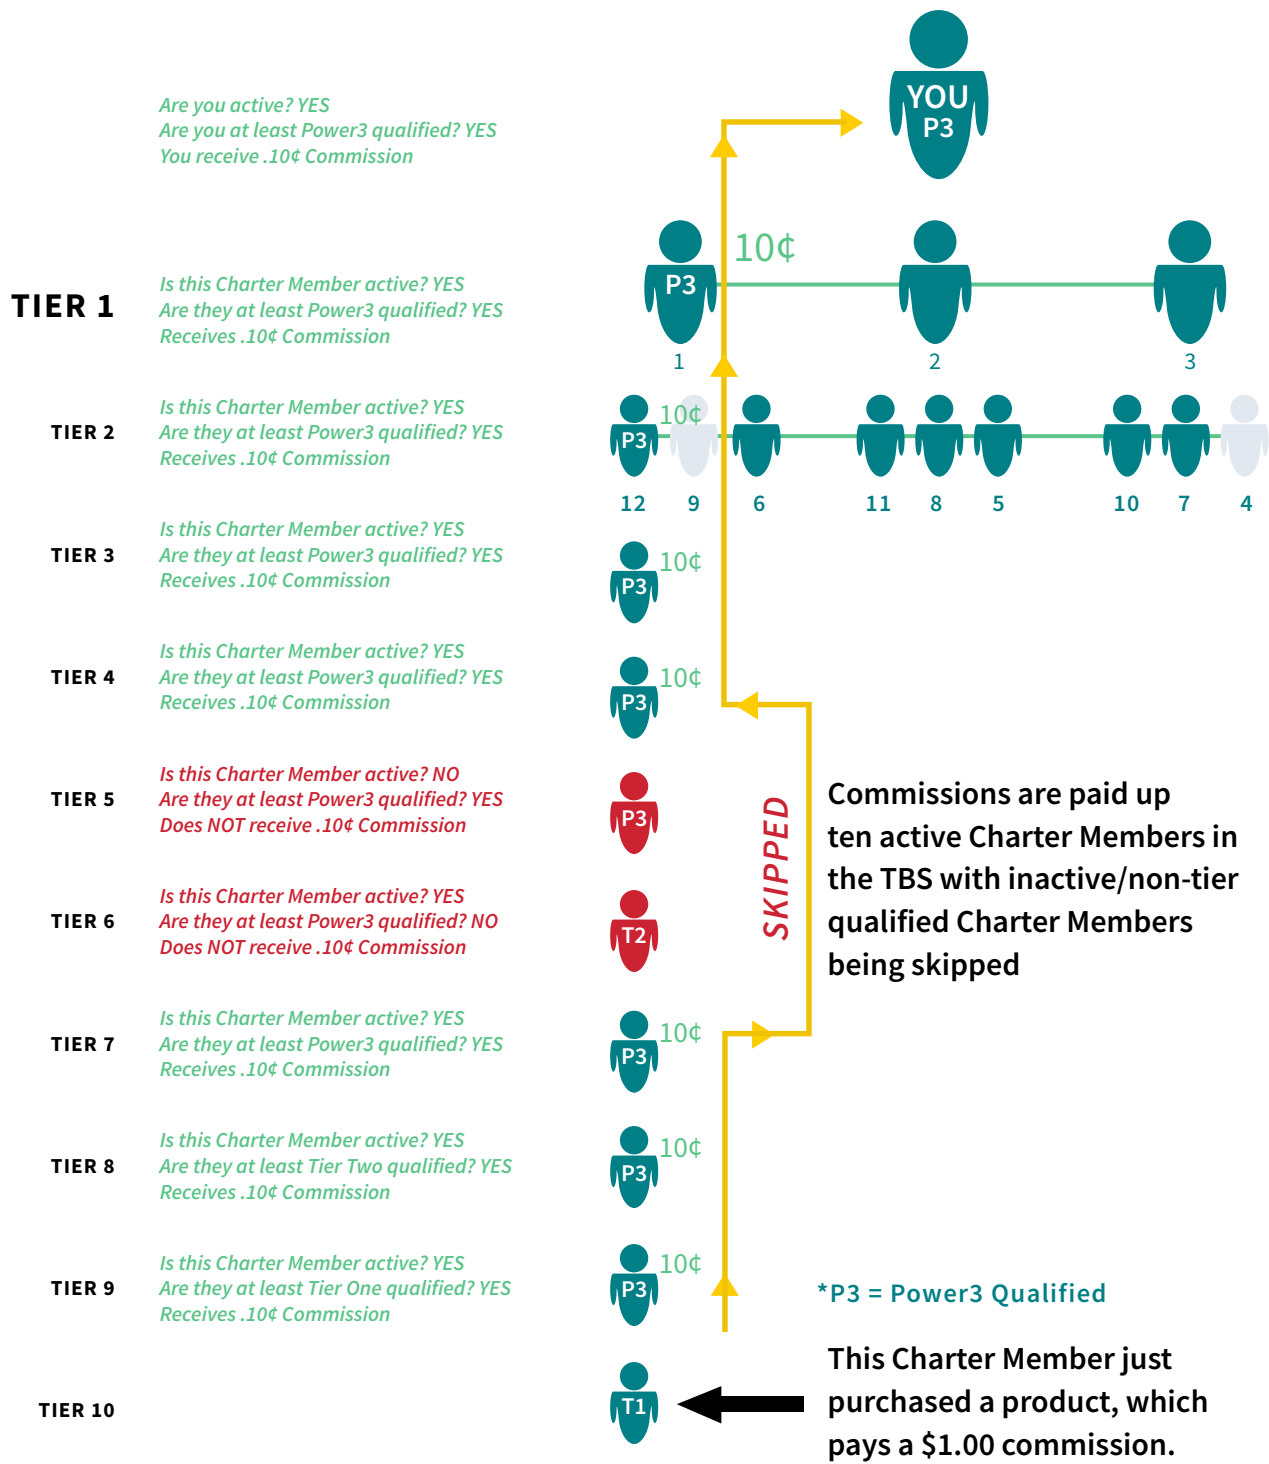

- an ACTIVE Charter Member
- Tier Qualified

**NOTE 3** - ACTIVE status means you have an active monthly product purchase.

There are only 3 Tier Qualifications:

- **Tier 1 Qualified** - Personally enroll one Charter Member that remains active and you receive commissions from Tier 1 in your TBS.
- **Tier 2 Qualified** - Personally enroll two Charter Members that remain active and you receive commissions from Tier 1 and 2 in your TBS.
- **Power3 Qualified** - Personally enroll three Charter Members that remain active and you receive commissions from all 10 Tiers in your TBS.

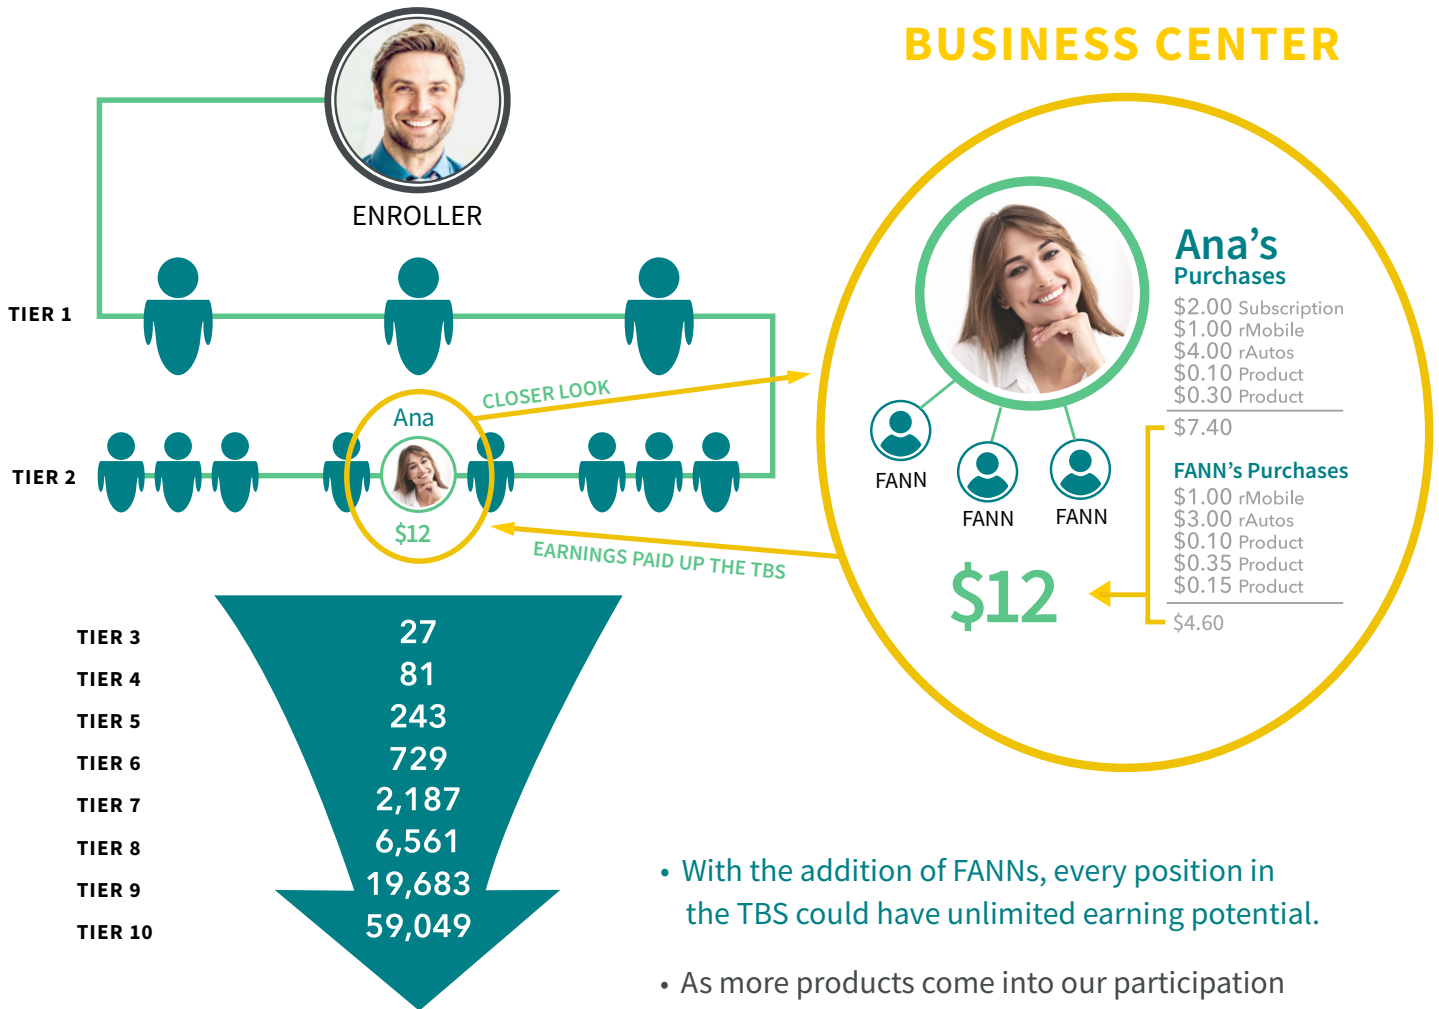

## TBS Commission Payout Illustration

**NOTE 4** - If qualified, you will earn commissions on all Charter Members and FANNs in 10 tiers.

## 4 Stacking Commissions

When you look at the earning potential from an individual level, a single position in the TBS, you can begin to see as people purchase of our products and services the commissions will stack.

- With the addition of FANNs, every position in the TBS could have unlimited earning potential.
- As more products come into our participation marketplace and people choose to purchase these products, more revenue is shared with the Charter Members of rNetwork.

“We envision a time when everything our Members choose to spend their money on can be done through the Network.” - rNetwork Founders
